

SUBSTANCE ABUSE POLICY

Policy on the use and abuse of illegal substances

The Governors and Headmaster intend Queen Margaret's School to be and remain an environment free from illegal drugs and the 'culture' of drugs. Any breach of this policy is treated as a very serious breach of school discipline.

(See Red Book Rule 13)

As part of the school's commitment to the welfare of pupils and in accordance with the duty of care owed to girls in a boarding environment the school believes it has a duty to inform and educate pupils on the consequences of drug use and abuse. Accordingly the school's PSHE programme for Years I-V and the Extension Studies Programme for the Sixth Form include substance abuse, in addition to other aspects of health education such as smoking, alcohol, eating disorders, sex and sexuality, STDs etc. Outside speakers are invited into the school on a regular basis and are informed of the school's values before they address the girls.

Discipline

The school has a duty to initiate searches of person, belongings, accommodation etc if the Headmaster is satisfied that there are reasonable grounds for suspicion. The Governors have not sanctioned the use of drug testing, random or otherwise.

When a girl has been found in possession of or using solvents or illegal drugs she will be automatically expelled.

Smoking

Smoking is not permitted within the school grounds or buildings by either staff or girls. It is an offence to be found in possession of matches, lighters et c.

During term time girls may not smoke off the school premises unless they are under the direct control of their parents at the time.

Alcohol

Girls in Years I-V are not allowed to consume or possess alcohol. Sixth Formers are allowed to drink alcohol on site under staff supervision and off site on special occasions approved by the Housemistress.
